

## **TLC Whoa Girl N3100**

Whoa Girl (Heidi) Is a Who Made Who daughter out of a Purebred cow that consistently produces the kind of maternal values we seek for our cow herd. She is also the Dam of TLCC Turk our primary Herd Sire. She passes on that clean front end and stoutness that Turk also shows in his offspring. Big hip and very sound. She is the grand dam of lots of Turk son's and daughters that we have retained in the breeding program. When it works it works!

Give us a call for information. 918-284-0175

(Above left) TLCC Turk S6103 ET is sired by Wild Turkey (Irish Whiskey) and TLC Whoa Girl. He has impacted our herd like no other sire we have used! Calving ease, performance and eye appeal. (Above right) TLCC Heidi Wave U8112 a daughter of Whoa Girl, shown by Brock Courtney with success. They are in demand in the show ring and breeding pasture.
