

TLCC Queen Ann of Integrity R5324

Registered Angus +15392130

Being Tested PHAF - THF - NHA

This Angus Donor has been a top producer in our herd. Moderate frame, easy keeping and beautiful udder. She produced TLCC Typhoon a CMAC Tyson son we have used heavily on our first calf heifers with great success. We kept almost all of those heifers for replacements. She averages 10-15 embryos per flush. Her status: Bred to TCL Turks Bart and will be ready to flush in Spring of 2012! Flying B Cut Above (DBA Fat Butt) ET babies due in 2012.

Give us a call for information. 918-284-0175 or [E-Mail](#) us
